

In July 2023, we analysed over 5500 online job ads, to see which offered employee health benefits.

Here's what we found...

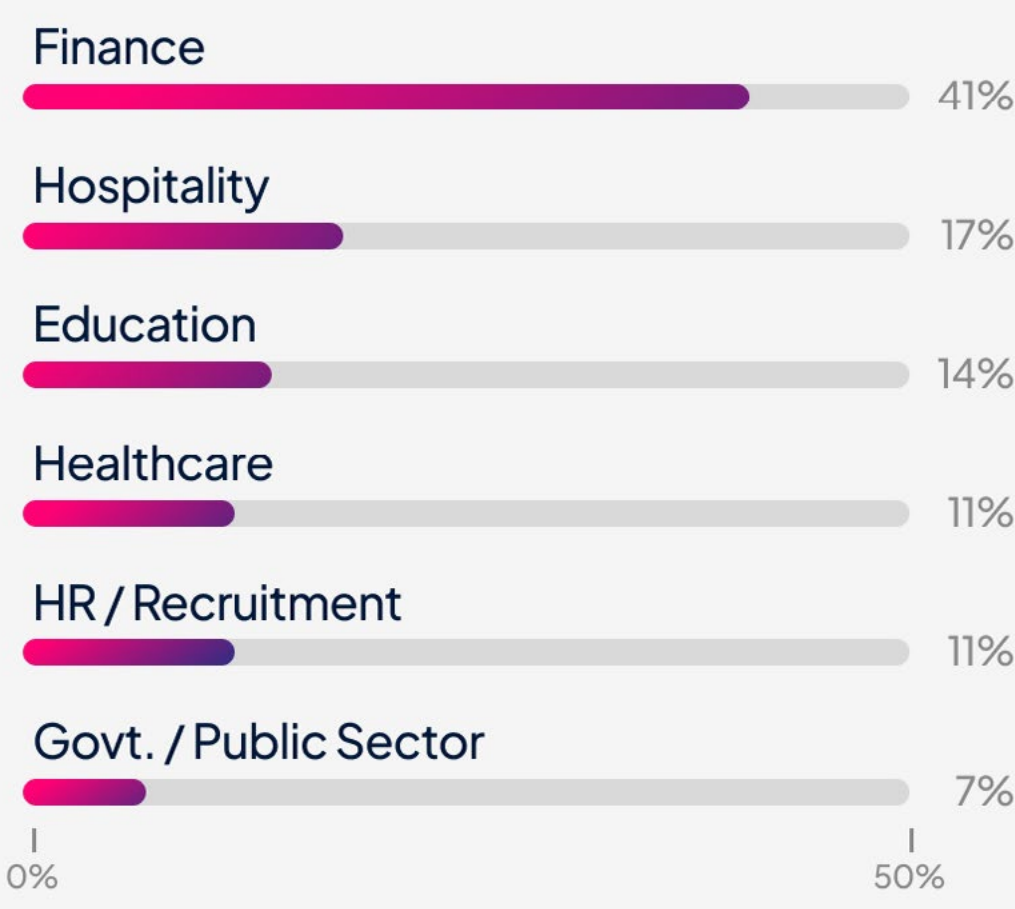

Just 12% of online listings cited health & wellbeing perks as part of the job description, **despite sick days reaching record highs.**

And the winners are...

41% of finance sector positions included health and wellbeing benefits.

Double that of any other sector.

Health & wellbeing rewards in the UK

Scotland	6%
North East	15%
North West	15%
Yorkshire & Humber	15%
London	14%
Wales	4%
Northern Ireland	31%
Remote	17%
